

- Firm:** We are an independent, global equity boutique investing in high-quality growth companies at value prices.
- Philosophy:** We believe earnings growth drives stock performance over time and that there are short term inefficiencies in the market that can create attractive entry points. For over three decades, we have followed a focused and disciplined investment process that results in concentrated, high conviction portfolios with high active share.
- Strategy:** We adhere to a disciplined philosophy and process and consistently apply this along with deep fundamental research in our stock selection. The portfolio will invest in 20 to 45 companies located primarily in emerging market countries, diversified by industry.

General Disclosures:

Preliminary data as of March 31, 2022. Source: FactSet. Hardman Johnston Global Advisors LLC®. Strategy holdings are based on a representative account. (1) Performance is preliminary. Performance greater than one year is annualized. The returns are gross and do not reflect the deduction of advisory fees, which will reduce returns. **Past performance does not guarantee future results.** The performance inception date is December 31, 2013. (2) Active share is calculated in FactSet. Emerging Markets Equity strategy assets include all derivations of the emerging markets equity accounts managed by the firm. In the event the portfolio holds multiple share classes of a company, the total number of positions reflects the multiple share classes as a single position. (3) Performance is based on the cumulative return of the net track record of the strategy. Source: Hardman Johnston Global Advisors LLC®. (4) All characteristics are calculated in FactSet. EPS, ROE, and P/E figures reflect interquartile weighted mean. (5) Hardman Johnston Global Advisors LLC® generally uses Global Industry Classification Standard to determine sector classification. Hardman Johnston may reclassify a company into a more suitable sector if it believes that the GICS classification for a specific company does not accurately classify the company from our perspective. Country exposure only reflects countries with active exposure in the Hardman Johnston Emerging Markets Equity strategy. (6) Securities reflect the period's three largest contributors and detractors to total effect. Total effect reflects a position's total contribution to excess performance relative to the stated benchmark. (7) Total effect includes only securities that were held in the Hardman Johnston representative account and excludes benchmark-only securities that may have contributed or detracted from relative results.

Portfolio holdings and/or allocations shown are as of the date indicated and may not be representative of future investments. The holdings and/or allocations shown may not represent all of the portfolio's investments. Future investments may or may not be profitable. Any mention of past investment decisions is intended only to illustrate our investment approach and/or strategy and is not indicative of the performance of the strategy as a whole. It should not be assumed that any investment decisions shown will be profitable, or that any investment decisions made in the future will be profitable or will equal the performance of the investments discussed herein. A complete list of past recommendations is available upon request.

The Global Industry Classification Standard ("GICS") was developed by and is the exclusive property of a service mark of Morgan Stanley Capital International Inc. (MSCI) and Standard & Poor's, a division of the McGraw-Hill Companies, Inc. (S&P) and is licensed for use by Hardman Johnston Global Advisors LLC®. Neither MSCI, S&P nor any other party involved in making or compiling the GICS or any GICS classifications makes any express or implied warranties or representations with respect to such standard or classification (or the results to be obtained by the use thereof), and all such parties hereby expressly disclaim all warranties of originality, accuracy, completeness, merchantability or fitness for a particular purpose with respect to any such standard or classification. Without limiting any of the foregoing, in no event shall MSCI, S&P, any of their affiliates or any third party involved in making or compiling the GICS or any GICS classifications have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits) even if notified of the possibility of such damages.

Index Benchmarks: Indices are unmanaged. The figures for the index reflect the reinvestment of all income or dividends, as applicable, but do not reflect the deduction of any fees or expenses which would reduce returns. Investors cannot invest directly in indices. The indices referenced herein have been selected because they are well known, easily recognized by investors, and reflect those indices that Hardman Johnston believes, in part based on industry practice, provide a suitable benchmark against which to evaluate the investment or broader market described herein.

*The management fee used to calculate net performance was changed as of July 1, 2021. Net performance is shown by deducting the highest rate in the current fee schedule of 85bps, plus an additional 5bps representing the cap on administrative expenses that applies to investors in the Hardman Johnston Emerging Markets Fund, L.P., which is part of the Emerging Markets Equity Composite.

For Australian investors: Hardman Johnston Global Advisors LLC® is exempt from the requirement to hold an Australian financial services license in respect of the financial services provided and Hardman Johnston Global Advisors LLC® is regulated by the SEC under US laws, which differ from Australian laws.
